***Seedling No. 93  
"HOODWINK"***

In form a huge snap dragon and was named upon exclamation of a visitor, "Isn't it beautiful? Why, it is a regular 'Hoodwink'!" Coloring, too, is unusual. Has two definite colors, beautiful clear pink and greenish yellow, unblended, effect of pink and yellow marble. "Hoodwink" is well ruffled, florets not large, but growing two rows on a spike, and often side shoots. Frequently blooms from bulblets. Splendid cut flower. Good producer.
